Offer Description

Research Grant (BI), for the conduct of R&D activities by a graduate with a Master's degree enrolled in a course non-leading to an academic degree
ref: SAI/2022/13 - 1 vacancy

There is an open call for applications for a Research Grant (BI), for the conduct of R&D activities by a graduate with a Master's degree enrolled in a course non-leading to an academic degree, under reference SAI/2022/13 in the scope of the project EXPL/MED-OUT/0972/2021, at the institution Faculdade de Ciências Médicas|NOVA Medical School (FCM|NMS) from Universidade NOVA de Lisboa (UNL), supported by income from the above mentioned project financed by the *Fundação para a Ciência e a Tecnologia, I.P. (FCT, I.P.)*, under the following conditions:

Field of study: Cellular or Developmental Biology

Admission requirements (eligibility criteria):

- Master Degree in the area of Cellular or Developmental Biology or related fields;
- Enrolment in a course non-leading to an academic degree, in the area of Cellular Biology or related fields or intend to enter one. (The Proof of enrolment in a course non-leading to an academic degree could be obtained until contracting. The assessment made here will only take into account if the candidates meet the conditions for enrolling in accordance with the work plan of the grant.)

Work plan:

The fellow will participate in developing and running experiments in Human oocytes aimed at studying the mechanisms underlying the instability of the Human oocyte meiotic spindle.

The position will include a broad and evolving range of tasks, including:

- Immunostaining & imaging;
- Functional studies with the knock down of specific genes;
- Protein tagging with live imaging.

Legislation and applicable regulations:

The fellowship is legally framed by the Research Fellowship Holder Statute (Law 40/2004, of August 18) and the FCT Regulation for Research Studentships and Fellowships in force.

Place of work:

The work will be carried out at *Cytoskeleton in Development and Disease* Group of Faculdade de Ciências Médicas|NOVA Medical School (FCM|NMS) from Universidade NOVA de Lisboa (UNL), under the scientific supervision of Doctor Ana Rita Marques.

Fellowship duration and predicted start date:

The fellowship will last for 6 months and is expected to start on June 1, 2022.

The fellowship contract is eventually renewed for an equal period until the end of the project.

Monthly Scholarship Amount:

The monthly amount of the fellowship corresponds to € 1199.64 (one thousand one hundred and ninety-nine euros and sixty-four cents), paid monthly by bank transfer, according to the table of stipend values of FCT, I.P., in the country.

Selection Methods:

The motivation letter and CV of the candidates will be evaluated according to the weighting of the factors indicated below.

Preferential Factors and assigned values in %:

- Experience in Immunostaining & imaging - 80%;
- Experience in Functional studies with the knock down of specific genes - 10%;
- Experience in Protein tagging with live imaging - 10%;

Selection Jury:

- Doctor Ana Rita Marques ,FCM|NMS – President of the Jury;
- Rita, Teodoro – 1st Effective Jury Member;
- António, Jacinto – 2nd Effective Jury Member;
- Ana, Tavares – 1st Alternate Jury Member;
- Maria de Guadalupe Cabral, XXX – 2nd Alternate Jury Member.

Form of publicizing/notifying the results:

The results of the evaluation will be send by email to the candidates who submitted the application within the deadline. The candidates will also be notified by email that if they wish to comment at the prior hearing, they should present their comments by email within 10 working days.

Application deadline and form of presentation of applications:

The call is open from 03 May 2023 to 16 May 2023 (till 17:00 PM) 2023 and is published on <https://euraxess.ec.europa.eu/> and in <https://www.nms.unl.pt/en-us/NMS/Join-NMS/Recruiting> (Portuguese and English versions on this website).

Applications have to be submitted by email, to applications@nms.unl.pt, mentioning the reference SAI/2022/13 in the Subject of the message.

Applications are formalized by sending a Letter of Motivation accompanied by the following documents: *Curriculum vitae*, Certificate of Qualifications, proof of inscription on a course non-leading to an academic degree, in the area of Cellular Biology or related fields or statement on the CV or on the letter of motivation saying that the candidate wants to enter a course non-leading to an academic degree, and other supporting documents deemed relevant.

FCM|NMS reserves the right not to award the proposed grant if the candidates do not meet the requirements indicated in this announcement.
