OFFER DESCRIPTION

Aviso n.º 11469/2022

(Notice no. 11469/2022)

International selection competition procedure for the hiring of a PhD holder under Articles 18 and 20 of Decree-Law no. 57/2016, of August 29, as amended by Law No. 57/2017, of July 19.

Pursuant to the provisions of article 11, paragraph 2, of Decree-Law no. 57/2016, of August 29, it becomes public that by Dean's decree of May 17, 2022, the opening of an international selection competition procedure was authorized for the completion of a PhD holder job vacancy for the exercise of scientific research activities in the scope of the project LISBOA -01 -0145 -FEDER -030772, funding granted by the *Programa Operacional Regional de Lisboa* supported by the FEDER and by national funds, through the *Fundação para a Ciência e Tecnologia I. P.*, under an uncertain fixed-term employment contract under the Labor Code in the Faculdade de Ciências Médicas|NOVA Medical School from Universidade NOVA de Lisboa.

1 — The Doctorate to be hired will perform within the scope of the project LISBOA-01-0145-FEDER-030772 the following functions:

- a) Immunohistochemical analysis of the expression of synaptic proteins;
- b) Optimization of vectors for viral transfection;
- c) Optimization of synaptosome extraction process in brain tissue samples.

2 — General requirements of the application:

- a) Portuguese nationals, foreigners or stateless persons, holding a PhD degree in Biology, biochemistry, biotechnology or related fields;
- b) Holders of a scientific and professional curriculum that reveals an adequate profile for the activity to be developed.

If the PhD has been awarded by a foreign higher education institution, it must comply with the provisions of Decree-Law no. 341/2007, of October 12, and any formalities established there must be fulfilled until the formalization of job contract.

3 — Specific requirements of the application:

- a) Previous experience in molecular biology techniques, namely plasmid cloning;
- b) Previous experience in immunohistochemistry and cell imaging techniques;
- c) Previous experience in handling animals is preferred but not an exclusion factor.

4 — Contracting:

The contracting is made through a fixed uncertain term work contract under the Labor Code, as a PhD holder, and is remunerated according to remuneration level 33 of the single remuneration table (TRU), pursuant to article 5 of Regulatory Decree no. 11-A/2017, of 29 December.

5 —Place of work:

The workplace is located on Faculdade de Ciências Médicas|NOVA Medical School - UNL, Rua Câmara Pestana n.º 6, 1150-082 Lisboa.

6 —Documents that must instruct the application:

- i) Motivation Letter;
- ii) Detailed Curriculum vitae according to the application requirements;
- iii) Copy of PhD certificate or diploma;
- iv) Other relevant documents for assessing the adequacy of the requested profile.

7 — Methods of selection and definition of the respective weights:

a) The curricular evaluation will be performed in a numerical scale ranging from 0 to 20 and will consider the items i) and ii) defined above ascribing the following ponderation:

- i) Motivation Letter (30%);
- ii) Detailed Curriculum vitae (70%).

b) If deemed necessary by the jury, the top three candidates will be selected for an

individual interview.

c) In this latter case, the curricular evaluation will have a weight of 90% and the interview a weight of 10%. The final classification of each individual candidate will result from the average of the evaluations provided by the jury members.

d) In case there is no interview, the final classification will be equal to the classification obtained in the curriculum evaluation.

e) In the case of a tie, it is incumbent to the president of the jury to choose the candidate.

f) In accordance with Decree-Law no. 29/2001, of February 3, candidates with disabilities are favored when equally classified. This prevails above any other legal preference. The candidates must declare their type and degree of disability in their motivation letter, as well as the means of communication/expression to be used in the selection process.

8 — In accordance with article 13 of Decree-Law no. 57/2016, of August 29, the Jury is composed as follows:

President of the Jury – Doctor Rosalina Fonseca, Principal Investigator, NOVA Medical School|Faculdade de Ciências Médicas from Universidade NOVA de Lisboa;
