OFFER DESCRIPTION

Aviso n.º 10420/2022

(Notice no. 10420/2022)

Open competition procedure for the recruitment and hiring of a Doctorate Project Technician/Project Officer

It is made public that, by order of the Rector of Universidade Nova de Lisboa, Professor João Sàágua, dated May 6, 2022, the opening of an international selection competition procedure was authorized, under the doctoral contracting regulation, approved by Decree-Law No. 57/2016, of August 29, amended by Law No. 57/2017, of July 19, in current version, to fill a Doctorate position, to perform functions within the scope of Associate Laboratory of Life Sciences for a Healthy and Sustainable Future (LS4FUTURE) at Center for the Study of Chronic Diseases (CEDOC) — Faculdade de Ciências Médicas|Nova Medical School from Universidade Nova de Lisboa.

The Doctorate to be hired will develop science management work within the scope of LS4FUTURE (Programme Contract with reference LA/P/0087/2020), which will finance the respective costs.

Workplace: The work will be carried out at CEDOC and at the various institutions of the Associate Laboratory LS4FUTURE.

The LS4FUTURE Associate Laboratory is a partnership of four Research Units — MOSTMICRO-ITQB, INOVA4HEALTH, IGC and GREEN-IT — all rated "Excellent" by the Fundação para a Ciência e a Tecnologia, I. P. (FC&T, I. P.). These Research Units belong to five research institutions: ITQB NOVA, the Institute of Experimental Biology and Technology (iBET), the Instituto Gulbenkian de Ciência (IGC), the Center for Chronic Diseases from Faculdade de Ciências Médicas(CEDOC) and the Portuguese Institute of Oncology from Lisbon Francisco Gentil (IPOLFG). ITQB NOVA and Faculdade de Ciências Médicas are two organic units from Universidade Nova de Lisboa and the IGC is part of the Calouste Gulbenkian Foundation (FCG).

LS4FUTURE is a unique infrastructure in Portugal dedicated to the study of Life Sciences with a transdisciplinary vision, directed towards Health and Sustainability, working various levels of complexity in fundamental, applied and translational research. The vision of LS4FUTURE fits into a global concept of One Health, with targeted research for Human and

Environmental Health, in an integrated approach, contributing to a Sustainable Future of the humanity and of our planet.

Functional Content:

For the implementation of LS4FUTURE it is necessary to create a Coordination Office that reports directly to the Coordinator and the LS4FUTURE Board of Directors.

The Coordination Office will be made up of a team of three qualified professionals dedicated to the management of the Associated Laboratory and the development of strategic programs within international scope in the area of Careers, Internationalization and Translation. This Office will have an important role in linking, involving and promoting good practices between LS4FUTURE institutions, working closely with the offices that already exist in these institutions. The Coordination Office team must be versatile, multidisciplinary and highly motivated for the fulfillment of the LS4FUTURE mission.

The selected candidate will be a full-time member of the Coordination Office team of LS4FUTURE, where promotes the Project Technician Roles under the guidance of the Program Manager. The team will operate in a multifunctional way, and this position will have a main focus on promoting the translation of knowledge generated in LS4FUTURE, namely promoting interaction between researchers and partners in the areas of Health, Pharma & Biotech, Agrifood, and others, and the creation of innovation in these areas.

Functions have the following functional contents:

- a) Identify and maintain a network of relevant partners for national and international translation and innovation activities;
- b) Promote approximation actions and facilitate interaction between LS4FUTURE researchers and societal partners, with a main focus on the area of Health, but also on the areas of Pharma & Biotech, Agrifood, and others;
- c) Create a program that promotes the translation of LS4FUTURE findings, which includes easy access to LA technology infrastructures and platforms, access to innovation mentors and access to funds that facilitate innovation activities;
- d) Identify and keep active a network of translation and innovation mentors and their interaction with researchers from LS4FUTURE;
- e) Participate in the activities to be implemented by the Coordination office in a collaborative way as a team.

Admission requirements:

- 1) Higher Education, with a minimum qualification at the Doctoral level in the areas of Life Sciences or other relevant;

- 2) Previous experience in similar or relevant roles for the position;
- 3) Fluency in: (i) Portuguese, spoken and written; and (ii) English, spoken and written.

National and foreign doctorates and stateless persons who hold a scientific and professional curriculum that reveals a profile suitable for the activity to be carried out, can apply to the procedure.

Features to value:

- 1) Post-doctoral professional experience developed in scientific institutions;
- 2) Experience in multicultural and international work environments;
- 3) Strong communication, interpersonal and work skills as a team.

Category and applicable legislation:

Doctorate, Level 38 of the Single Remuneration Table (TRU), according to the Regulatory Decree No. 11 -A/2017, of December 29.

Fixed-term employment contract, pursuant to article 18 and paragraph b) of paragraph 1 and paragraph 3 of article 6 of Decree-Law No. 57/2016, of 29 August, amended by Law No. 57/2017, of 19 July, under the legal terms in force. The contract is expected to start in May 2022.

If the PhD has been awarded by a foreign higher education institution, it must comply with the provisions of Decree-Law No. 66/2018, of 16 August, and any formalities established herein must be completed by the date of signature of the contract.

Documents that must complete the application:

Detailed, dated and signed curriculum vitae, which includes academic qualifications and the professional situation, namely, functions performed and respective periods of exercise, the professional training held, as well as a clear reference to the level of proficiency in Portuguese and English;

Motivation letter (one page);

Two contacts for references;

Copy of documents proving the most recent academic qualification/Certificate of Doctorate;

Other supporting documents considered relevant for the exercise of the function (optional).

Selection methods and definition of the respective weights:

Curricular Evaluation (AC), through the assessment of the curriculum vitae and motivation letter — 90%;

Selection Interview (ES) — 10%.

The final classification will be expressed on a scale of 0 to 20 values, resulting from the application of the following formula: Final classification = 90 % * AC + 10 % * ES.

The top five candidates in the AC will be called for an interview. If the vacancy is not filled, the following candidates may be called, provided that the classification in the AC is greater than 15 values.

The evaluation parameters and the respective weighting of the selection methods are set out in minutes of the first meeting of the Selection Committee.

Composition of the Selection Committee:

Professor Inês Cardoso Pereira, ITQB NOVA, President;

Professor Mónica Bettencourt Dias, IGC, 1st Effective Member;

Professor Paulo Pereira, CEDOC -NMS, 2nd Effective Member;

Professor José Cabeçadas, IPOLFG, 1st Substitute member;

Professor Paula Marques Alves, IBET, 2nd Substitute member.

Notification of candidates:

Candidates are notified by e-mail.

Application deadline:

The applications, duly instructed with the documents referred to in this Notice, must be submitted within 10 working days of the day immediately following the publication of this Notice in the Diário da República and must be sent by e-mail, indicating the reference in Title to the electronic address ec.applications@nms.unl.pt.

This Notice is advertised on the Bolsa de Emprego Público, at www.bep.gov.pt, on the first business day following its publication in the Diário da República, as well as on the <https://euraxess.ec.europa.eu> and on the electronic page of the Faculdade de Ciências Médicas|NOVA Medical School of the Universidade NOVA de Lisboa.

In all that is not expressly provided for in this Notice, the procedure is governed, in particular, by the provisions contained in Decree-Law no. 57/2016, of August 29, as amended by Law no. 57/1017, of July 19, in Regulatory decree no. 11-A / 2017, of December 29, in the Constitution of the Portuguese Republic and in the Code of Administrative Procedure.

Non-discrimination and equal access policy:

Faculdade de Ciências Médicas|NOVA Medical School, an organic unit of Universidade NOVA de Lisboa, actively promotes a policy of non-discrimination and equal access, so that no candidate can be privileged, benefited, harmed or deprived of any right or exempt from any duty due, age, sex, sexual orientation, marital status, family status, economic situation, education, social origin or condition, genetic heritage, reduced working capacity, disability, chronic illness, nationality, ethnic origin or race, language, religion, political or ideological convictions and trade union membership.

May 9, 2022. — The Director, Professor Helena Canhão.
