

02 March 2022, Wednesday, 14h

@ Zoom: <https://zoom.us/j/99695372909?pwd=QjVQLONZZUQwcEV2em42bDQyL0dYdz09>

CEDOC SEMINAR

Dopamine and GPCR-mediated modulation of DNI clock neurons gates the circadian timing of sleep, Matthias Schlichting (HHMI)

Brandeis University and Northeastern University, USA)

Host: Alisson Gontijo

04 March 2022, Friday, 16h00

@ Auditório MMM & Zoom: <https://videoconf-colibri.zoom.us/j/85749813503>

CASUAL FRIDAY WITH SCIENCE

Modelling degenerative retinal mechanisms in 3D retinal organoids, Inês Paz Santos (S. Tenreiro & M. Seabra Lab)

& **JoVE Research: video protocols and video collections of fundamental and innovative research methods, Elisa Desideri** (JoVE Research)

07 March 2022, Monday, 14h

@ Auditório MMM, Grey Building

& Zoom: <https://videoconf-colibri.zoom.us/j/83982036450?pwd=TzlyU0poVlhPMUR5SnhBbmN6L3RQdz09>

CEDOC SEMINAR

LYSOCIL TALK Gene therapy for retinal diseases, Robert Maclaren (University of Oxford, UK)

Host: Miguel Seabra

09 March 2022, Wednesday, 11h30

@ Auditório MMM, Grey Building

CEDOC SEMINAR

Disentangle crossroads of Fatty Liver Disease by human genetics, Stefano Romeo (University of Gothenburg, Sweden)

Host: M. Paula Macedo

11 March 2022, Friday, 16h00

@ Auditório MMM & Zoom: <https://videoconf-colibri.zoom.us/j/85749813503>

CASUAL FRIDAY WITH SCIENCE

Breaking BINI: Investigating mechanisms of synaptic dysfunction in Alzheimer's disease, Mariana Barata (C. Almeida Lab)

& **Development of tools within a Graphical User Interface for the automatic longitudinal analysis of Dry Age-related Macular Degeneration, Gustavo Brites** (M. Seabra Lab)

16 March 2022, Wednesday, 12h

@ Auditório MMM, Grey Building & Zoom

CEDOC SEMINAR

LYSOCIL TALK Dissecting the mechanisms regulating the essential roles of the Dynein-2 motor in cilia, Tiago Dantas (i3S, University of Porto)

Host: Duarte Barral & Susana Lopes

18 March 2022, Friday, 16h00

@ Auditório MMM & Zoom: <https://videoconf-colibri.zoom.us/j/85749813503>

CASUAL FRIDAY WITH SCIENCE

Heme/Iron-driven Microglia polarization in Parkinson Disease, Ilyane Lima (R. Gozellino Lab)

& **To be announced, Salomé Azevedo** (Value for Health - CoLAB)

23 March 2022, Wednesday, 12h

@ Zoom: <https://videoconf-colibri.zoom.us/j/85273451007?pwd=Kys0MXhjRjlnZXlJOCTpOGp6QnlPUT09>

CEDOC SEMINAR

From the lab bench to clinical trials for a regeneration enhancing Nogo-A antibody therapy for CNS injury, Martin E. Schwab

(Institute for Regenerative Medicine (IREM), University of Zurich)

Host: Gabriela Silva

25 March 2022, Friday, 16h00

@ Auditório MMM & Zoom: <https://videoconf-colibri.zoom.us/j/85749813503>

CASUAL FRIDAY WITH SCIENCE

SPECIAL SEMINAR Communicating Science to Non-Peers, Nuno Miguel Gonçalves (Science Communication, NOVA Medical School)

30 March 2022, Wednesday, 12h

@ TBD

CEDOC SEMINAR

To be announced Solveig Thorsteinsdottir (Centro de Ecologia, Evolução e Alterações Ambientais, Faculdade de Ciências, Universidade de Lisboa)

Host: Gabriela Silva
